Our Founder: Julio Del Risco

Julio Del Risco Lizarzaburu is a pioneer in the credit and financial information sector in Latin America, with a career spanning over six decades. He began his professional journey in 1960 as the first employee of Dun & Bradstreet in Lima.

In 1964, he founded **Credit Report S.A.**, the first Peruvian agency specialized in personal credit reports, serving clients such as Sol Gas, Avianca, and LAN Chile. Years later, he shifted his focus toward importers, reaching over a thousand active subscribers in the local market. By 1972, his reports already covered Latin America, with clients on all five continents.

In 2002, he founded DEL RISCO REPORTS, an agency that today leads the region in the preparation of credit reports used by more than 30 export credit insurance companies worldwide.
